

Customer Journey Map

Date	25 September 2026
Team ID	6ab2220abee0b08a2d2c65d0
Project Name	Auto Ticket Classification using Flow Designer
Maximum Marks	2 Marks

Map out the customer's experience stage-by-stage, capturing their actions, touchpoints, thoughts, and feelings, along with process ownership and improvement opportunities at each stage.

Phase of Journey	Stage 1: Issue Discovery	Stage 2: Ticket Submission	Stage 3: Auto-Classification & Resolution
Actions What does the customer do?	- Notices Wi-Fi is down - Tries restarting device - Decides to report issue	- Opens ServiceNow Portal - Types issue in plain English - Clicks Submit	- Receives confirmation email - Checks ticket status - Issue gets resolved
Touchpoint What do they interact with?	- Laptop / Mobile device - Office network - Colleagues	- ServiceNow Service Portal - Web browser - Ticket form	- Email inbox - ServiceNow Portal - IT Support team
Customer Thought What are they thinking?	- Why is this not working? - Who do I contact? - Will this take long?	- I hope this gets routed right - Which category do I pick? - Is anyone reading this?	- That was fast! - Good, someone is on it - I can track my ticket
Customer Feeling What are they feeling?	Frustrated, Anxious	Hopeful, Uncertain	Relieved, Satisfied
Process Ownership Who is in the lead?	End User	Service Desk / Portal	Flow Designer + Network Team
Opportunities How can we improve?	- Provide self-help articles - Status page for outages	- Simplify form fields - Remove mandatory dropdowns	- Add SMS notifications - Provide estimated resolution time
